Summary Section

Investment Objective

The investment objective of the Morgan Dempsey Small/Micro Cap Value Fund (the “Fund”) is long-term capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees

(fees paid directly from your investment)

Redemption Fee (as a percentage of proceeds on shares redeemed within 90 days of purchase)	2.00%
--	-------

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

Management Fees	1.10%
Other Expenses	
Interest Expense	<u>0.01%</u>
Remainder of Other Expenses	<u>1.03%</u>
Total Annual Fund Operating Expenses	2.14%
Fee Waiver/Expense Reimbursement ⁽¹⁾	<u>-0.83%</u>
Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement ⁽¹⁾	<u>1.31%</u>

⁽¹⁾ Pursuant to an operating expense limitation agreement between the Fund’s investment adviser, Morgan Dempsey Capital Management, LLC (the “Adviser”), and the Fund, the Adviser has agreed to waive its management fees and/or reimburse expenses of the Fund to ensure that Total Annual Fund Operating Expenses (exclusive of any front-end or contingent deferred loads, taxes, leverage (*i.e.*, any expenses incurred in connection with borrowings made by the Fund), interest, brokerage commissions, expenses incurred in connection with any merger or reorganization, dividends or interest expenses on short positions, acquired fund fees and expenses or extraordinary expenses such as litigation) (collectively, “Excluded Expenses”) do not exceed 1.30% of the Fund’s average annual net assets, through December 29, 2017, subject to annual re-approval by the Trust’s Board of Trustees (the “Board of Trustees”). The operating expense limitation agreement can be terminated only by, or with the consent of, the Board of Trustees. The Adviser is permitted to be reimbursed for management fee reductions and/or expense payments made in the prior three fiscal years, subject to the operating expense limitation agreement, if such reimbursements will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the waiver; or (2) the expense limitation in place at the time of the recoupment.

Example

This Example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. The fee waiver/expense reimbursement arrangement discussed in the table above is reflected only through December 29, 2017. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$133	\$590	\$1,073	\$2,407

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in the Total Annual Fund Operating Expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 16.66% of the average value of its portfolio.

Principal Investment Strategies

To achieve its investment objective, the Fund intends to invest in companies with micro- and small-size market capitalizations (“micro-cap” and “small-cap” companies). The Fund currently defines micro-cap companies as companies with market capitalizations between \$50 million and \$500 million and small-cap companies as companies with market capitalizations between \$500 million and \$3 billion. Under normal market conditions, at least 80% of the Fund’s net assets, plus the amount of any borrowings for investment purposes, will be invested in common stocks and other equity securities of micro-cap and small-cap companies. In addition to common stocks, equity securities may also include preferred stocks, convertible debt securities, and other investment companies and exchange-traded funds (“ETFs”) that invest in equity securities of micro-cap and small-cap companies.

The Adviser uses disciplined, fundamental, bottom-up research to select investments for the Fund’s portfolio from the universe of small-cap and micro-cap companies. The Adviser seeks to identify companies that trade at significant discounts to what the Adviser believes to be their intrinsic value, and that possess a material catalyst that may trigger a long-term, sustainable growth in value. In addition to favorable valuations at the time of purchase, companies in which the Fund will invest will have strong balance sheets with liquidity and solvency characteristics that provide a margin of safety. The Fund invests in companies with increasing intrinsic values, which allow the Fund’s holdings to grow and build value over long periods of time.

Principal Risks

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. Remember, in addition to possibly not achieving your investment goals, **you could lose money by investing in the Fund**. The principal risks of investing in the Fund are:

- *Management Risk.* Investment strategies employed by the Adviser in selecting investments and asset allocations for the Fund may not result in an increase in the value of your investment or in overall performance equal to other investments.
- *General Market Risk.* Certain securities selected for the Fund’s portfolio may be worth less than the price originally paid for them, or less than they were worth at an earlier time.
- *Equity Market Risk.* Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. Preferred stock is subject to the risk that the dividend on the stock may be changed or omitted by the issuer, and that participation in the growth of an issuer may be limited.
- *Small- and Micro-Cap Company Risk.* The securities of small-cap and micro-cap companies may be more volatile and less liquid than the securities of companies with larger market capitalizations. These small- and micro-cap companies may not have the management experience, financial resources, product diversification and competitive strengths of large- or mid-cap companies and, therefore, their securities tend to be more volatile than the securities of larger, more established companies.

- *Value Stock Risk.* Value stocks may perform differently from the market as a whole and may continue to be undervalued by the market for long periods of time.
- *Convertible Securities Risk.* A convertible security is a fixed-income security (a debt instrument or a preferred stock) which may be converted at a stated price within a specified period of time into a certain quantity of the common stock of the same or a different issuer. The market value of a convertible security performs like that of a regular debt security, that is, if market interest rates rise, the value of the convertible security falls.
- *Shares of Other Investment Companies Risk.* You will indirectly bear fees and expenses charged by the underlying funds in addition to the Fund's direct fees and expenses and, as a result, your cost of investing in the Fund will generally be higher than the cost of investing directly in the underlying fund shares.
- *Exchange-Traded Fund Risk.* Unlike mutual funds, ETFs do not necessarily trade at the net asset values of their underlying securities, which means an ETF could potentially trade above or below the value of its underlying portfolio. Additionally, because ETFs trade like stocks on exchanges, they are subject to trading and commission costs, unlike open-end investment companies.
- *Cybersecurity Risk.* With the increased use of technologies such as the Internet to conduct business, the Fund is susceptible to operational, information security, and related risks. Cyber incidents affecting the Fund or its service providers may cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund's ability to calculate its NAV, impediments to trading, the inability of shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs.

Performance

The performance information demonstrates the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual returns compare with those of a broad measure of market performance. Remember, the Fund's past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available on the Fund's website at www.morgandempseyfunds.com or by calling the Fund toll-free at 877-642-7227.

Calendar Year Returns as of December 31

The Fund's calendar year-to-date return as of September 30, 2016 was 10.61%. During the periods shown in the bar chart, the best performance for a quarter was 13.92% (for the quarter ended December 31, 2011). The worst performance was -17.30% (for the quarter ended September 30, 2011).

*Average Annual Total Returns
(for the Periods Ended December 31, 2015)*

	<u>One Year</u>	<u>Five Year</u>	<u>Since Inception (12/31/2010)</u>
Return Before Taxes	-7.41%	4.87%	4.87%
Return After Taxes on Distributions	-7.57%	4.38%	4.38%
Return After Taxes on Distributions and Sale of Fund Shares	-4.07%	3.83%	3.83%
Russell 2000[®] Value Total Return Index	-7.47%	7.67%	7.67%
(reflects no deduction for fees, expenses or taxes)			

After-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns are calculated using the historical highest individual federal marginal income tax rates in effect and do not reflect the effect of state and local taxes. The after-tax returns shown are not relevant to those investors who hold their shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts ("IRAs").

In certain cases, the figure representing "Return After Taxes on Distributions and Sale of Fund Shares" may be higher than the other return figures for the same period. A higher after-tax return results when a capital loss occurs upon redemption and provides an assumed tax benefit to the investor.

Management

Investment Adviser

Morgan Dempsey Capital Management, LLC is the Fund's investment adviser.

Portfolio Manager

Brian G. Rafn, Principal and Director of Research of the Adviser, has served as the Fund's portfolio manager since the Fund commenced operations in December 2010.

Purchase and Sale of Fund Shares

You may purchase or redeem shares by mail (Morgan Dempsey Small/Micro Cap Value Fund, c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, WI 53201-0701 (for regular mail) or 615 East Michigan Street, 3rd Floor, Milwaukee, WI 53202 (for overnight or express mail)), or by telephone at 877-642-7227, on any day the New York Stock Exchange ("NYSE") is open for trading. Investors who wish to purchase or redeem Fund shares through a financial intermediary should contact the financial intermediary directly. The minimum initial amount of investment in the Fund is \$2,500. Subsequent investments may be made with a minimum investment amount of \$50.

Tax Information

The Fund's distributions will be taxed as ordinary income or long-term capital gain, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. You may be taxed later upon withdrawal of monies from such tax-deferred arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer, or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

Principal Investment Strategies, Related Risks and Disclosure of Portfolio Holdings

Investment Objective

The Fund's investment objective is long-term capital appreciation.

Change in Investment Objective. The Fund's investment objective described in this Prospectus may be changed without the approval of the Fund's shareholders upon 60 days' written notice to shareholders.

Principal Investment Strategies

To achieve its investment objective, the Fund intends to invest in companies with micro- and small-size market capitalizations ("micro-cap" and "small-cap" companies). The Fund currently defines micro-cap companies as companies with market capitalizations between \$50 million and \$500 million and small-cap companies as companies with market capitalizations between \$500 million and \$3 billion. Under normal market conditions, at least 80% of the Fund's net assets, plus the amount of any borrowings for investment purposes, will be invested in common stocks and other equity securities of micro-cap and small-cap companies. In addition to common stocks, equity securities may also include preferred stocks, convertible debt securities, and other investment companies and ETFs that invest in equity securities.

The Adviser uses disciplined, fundamental, bottom-up research to select investments for the Fund's portfolio from the universe of small-cap and micro-cap companies. The Adviser seeks to identify companies that trade at significant discounts to what the Adviser believes to be their intrinsic value, and that possess a material catalyst that may trigger a long-term, sustainable growth in value. In addition to favorable valuations at the time of purchase, companies in which the Fund will invest will have strong balance sheets with liquidity and solvency characteristics that provide a margin of safety. The Fund invests in companies with increasing intrinsic values, which allow the Fund's holdings to grow and build value over long periods of time.

General Investment Policies

Temporary Strategies; Cash or Similar Investments. For temporary defensive purposes, the Adviser may invest up to 100% of the Fund's total assets in high-quality, short-term debt securities and money market instruments. These short-term debt securities and money market instruments include shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements. Taking a temporary defensive position may result in the Fund not achieving its investment objective. Furthermore, to the extent that the Fund invests in money market mutual funds for its cash position, there will be some duplication of expenses because the Fund would bear its pro rata portion of such money market funds' management fees and operational expenses.

Principal Risks

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. Remember, in addition to possibly not achieving your investment goals, **you could lose money by investing in the Fund.** The principal risks of investing in the Fund are:

Management Risk. The ability of the Fund to meet its investment objective is directly related to the Adviser's investment strategies for the Fund. The value of your investment in the Fund may vary with the effectiveness of the Adviser's research, analysis and asset allocation among portfolio securities. If the Adviser's investment strategies do not produce the expected results, your investment could be diminished or even lost.

General Market Risk. The market value of a security may move up or down, sometimes rapidly and unpredictably. These fluctuations may cause a security to be worth less than the price originally paid for it, or less than it was worth at an earlier time. Market risk may affect a single issuer, industry, sector of the economy or the market as a whole.

Equity Market Risk. Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including: expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; and global or regional political, economic and banking crises. If you held common stock, or common stock equivalents, of any given issuer, you would generally be exposed to greater risk than if you held preferred stocks and debt obligations of the issuer because common stockholders, or holders of equivalent interests, generally have inferior rights to receive payments from issuers in comparison with the rights of preferred stockholders, bondholders and other creditors of such issuers.

Small- and Micro-Cap Company Risk. Generally, small- and micro-cap, and less seasoned companies, have more potential for rapid growth than larger, more established companies. They also often involve greater risk than large- or mid-cap companies, and these risks are passed on to the Fund. These small- and micro-cap companies may not have the management experience, financial resources, product diversification and competitive strengths of large- or mid-cap companies and, therefore, their securities tend to be more volatile than the securities of larger, more established companies. Small- and micro-cap company stocks tend to be bought and sold less often and in smaller amounts than larger company stocks. Because of this, if the Fund wants to sell a large quantity of a small- and micro-cap company's stock, it may have to sell at a lower price than the Adviser might prefer, or it may have to sell in smaller than desired quantities over a period of time.

Value Stock Risk. Value stocks can react differently to issuer, political, market and economic developments than the market as a whole and other types of stocks. Value stocks tend to be inexpensive relative to their earnings or assets compared to other types of stocks. However, value stocks can continue to be inexpensive for long periods of time and may not ever realize their full value.

Convertible Securities Risk. A convertible security is a fixed-income security (a debt instrument or a preferred stock) which may be converted at a stated price within a specified period of time into a certain quantity of the common stock of the same or a different issuer. Convertible securities are senior to common stock in an issuer's capital structure, but are usually subordinated to similar non-convertible securities. While providing a fixed-income stream (generally higher in yield than the income derivable from common stock but lower than that afforded by a similar non-convertible security), a convertible security also gives an investor the opportunity, through its conversion feature, to participate in the capital appreciation of the issuing company depending upon a market price advance in the convertible security's underlying common stock.

Other Investment Companies Risk. Federal law generally prohibits a mutual fund from acquiring shares of another investment company if, immediately after such acquisition, the fund and its affiliated persons would hold more than 3% of such investment company's total outstanding shares. This prohibition may prevent the Fund from allocating its investments in an optimal manner. You will indirectly bear fees and

expenses charged by the underlying funds in addition to the Fund's direct fees and expenses and, as a result, your cost of investing in the Fund will generally be higher than the cost of investing directly in the underlying investment company's shares.

Exchange-Traded Funds Risk. An investment in an ETF generally presents the same primary risks as an investment in a conventional mutual fund (*i.e.*, one that is not exchange traded) that has the same investment objective, strategies and policies. The price of an ETF can fluctuate within a wide range, and the Fund could lose money when investing in an ETF if the prices of the securities owned by the ETF go down. In addition, ETFs are subject to the following risks that do not apply to conventional mutual funds: (1) the market price of the ETF's shares may trade at a discount to their NAV; (2) an active trading market for an ETF's shares may not develop or be maintained; or (3) trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are de-listed from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally. Additionally, ETFs have management and other fees, which increase their cost.

Cybersecurity Risk. With the increased use of technologies such as the Internet to conduct business, the Fund is susceptible to operational, information security, and related risks. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber attacks include, but are not limited to, gaining unauthorized access to digital systems (*e.g.*, through "hacking" or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (*i.e.*, efforts to make network services unavailable to intended users). Cyber incidents affecting the Fund or its service providers may cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund's ability to calculate its NAV, impediments to trading, the inability of shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs. Similar adverse consequences could result from cyber incidents affecting issuers of securities in which the Fund invests, counterparties with which the Fund engages in transactions, governmental and other regulatory authorities, exchange and other financial market operators, banks, brokers, dealers, insurance companies and other financial institutions (including financial intermediaries and service providers for shareholders) and other parties. In addition, substantial costs may be incurred in order to prevent any cyber incidents in the future. While the Fund's service providers have established business continuity plans in the event of, and risk management systems to prevent, such cyber incidents, there are inherent limitations in such plans and systems, including the possibility that certain risks have not been identified. Furthermore, the Fund cannot control the cyber security plans and systems put in place by its service providers or any other third parties whose operations may affect the Fund or its shareholders. As a result, the Fund and its shareholders could be negatively impacted.

Portfolio Holdings Information

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the Fund's Statement of Additional Information ("SAI"). Disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter in the annual and semi-annual reports to Fund shareholders and in the quarterly holdings report on Form N-Q. The annual and semi-annual reports to Fund shareholders are available free of charge by contacting Morgan Dempsey Small/Micro Cap Value Fund, c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, WI 53201-0701, by calling 877-642-7227 or by visiting the Fund's website at www.morgandempseyfunds.com. The Form N-Q is available on the SEC's website at www.sec.gov.

Management of the Fund

The Adviser

The Fund has entered into an investment advisory agreement (the “Advisory Agreement”) with Morgan Dempsey Capital Management, LLC, a Wisconsin limited liability company located at 111 Heritage Reserve, Suite 200, Menomonee Falls, WI 53051. The Adviser is a registered investment adviser and is a successor company of National Investment Services of America, Inc., an investment management firm founded in 1975. As of August 31, 2016, the Adviser had \$314 million in assets under management. Under the Advisory Agreement, the Adviser manages the Fund’s investments subject to the supervision of the Board of Trustees. For the fiscal year ended August 31, 2016, the Adviser received management fees of 0.27% (net of fee waivers) of the Fund’s average daily net assets.

Fund Expenses. The Fund is responsible for its own operating expenses. However, pursuant to an operating expense limitation agreement between the Adviser and the Fund, the Adviser has agreed to waive its management fees and/or reimburse expenses of the Fund to ensure that the Fund’s total annual fund operating expenses (exclusive of any front-end or contingent deferred loads, taxes, leverage (*i.e.*, any expenses incurred in connection with borrowings made by the Fund), interest, brokerage commissions, expenses incurred in connection with any merger or reorganization, dividends or interest expenses on short positions, acquired fund fees and expenses or extraordinary expenses such as litigation) do not exceed 1.30% of the average net assets of the Fund through December 29, 2017, and subject to annual re-approval of the agreement by the Board of Trustees thereafter. Any waiver of management fees or payment of expenses made by the Adviser may be reimbursed by the Fund in subsequent years if the Adviser so requests. This reimbursement may be requested if the aggregate amount actually paid by the Fund toward operating expenses for such fiscal year (taking into account the reimbursement) does not exceed the applicable limitation on Fund expenses. The Adviser is permitted to be reimbursed for management fee waivers and/or expense payments made in the prior three fiscal years, if such reimbursements will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the waiver; or (2) the expense limitation in place at the time of the recoupment. Any such reimbursement will be reviewed by the Board of Trustees. The Fund must pay its current ordinary operating expenses before the Adviser is entitled to any reimbursement of management fees and/or expenses. This operating expense limitation agreement can be terminated only by, or with the consent of, the Board of Trustees.

A discussion regarding the basis of the Board of Trustees’ approval of the Advisory Agreement between the Trust and the Adviser, on behalf of the Fund, is included in the Fund’s annual report to shareholders for the year ended August 31, 2016.

The Fund, as a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series of the Trust.

Portfolio Manager

Brian G. Rafn, Principal, Director of Research and Portfolio Manager of the Adviser, serves as the Fund’s portfolio manager and is primarily responsible for the day-to-day management of the Fund’s portfolio. Mr. Rafn joined the Adviser in October 2003. He has over 25 years of experience in securities analysis, portfolio management, trading and trust accounting. Mr. Rafn is responsible for the securities analysis and portfolio management of the Adviser’s Small/Micro-Cap Value strategy.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed and ownership of securities in the Fund.

Shareholder Information

Share Price

The price of the Fund's shares is its net asset value ("NAV"). The NAV is calculated by dividing the value of the Fund's total assets, less its liabilities, by the number of its shares outstanding. In calculating the NAV, portfolio securities are valued using current market values or official closing prices, if available. The NAV is calculated at the close of regular trading on the NYSE, (generally 4:00 p.m., Eastern time). The NAV will not be calculated on days on which the NYSE is closed for trading. If the NYSE closes early, the Fund will calculate the NAV as of the closing of trading on the NYSE on that day. If an emergency exists as permitted by the SEC, the NAV may be calculated at a different time.

Each equity security owned by the Fund that is listed on a securities exchange, except for securities listed on the NASDAQ Stock Market ("NASDAQ") is valued at its last sale price on that exchange on the date as of which assets are valued. If a security is listed on more than one exchange, the Fund will use the price on the exchange that the Fund generally considers to be the principal exchange on which the security is traded. Portfolio securities listed on NASDAQ will be valued at the NASDAQ Official Closing Price, which may not necessarily represent the last sale price. If there has been no sale on such exchange or on NASDAQ on such day, the security will be valued at the mean between the most recent bid and asked prices on such day or the security is valued at the latest sales price on the "composite market" for the day such security is being valued. The composite market is defined as the consolidation of the trade information provided by national securities and foreign exchanges and over-the-counter ("OTC") markets as published by a Pricing Service.

If market quotations are not readily available, a security or other asset will be valued at its fair value as determined under fair value pricing procedures approved by the Board of Trustees. These fair value pricing procedures will also be used to price a security when corporate events, events in the securities market or world events cause the Adviser to believe that the security's last sale price may not reflect its actual fair market value. The intended effect of using fair value pricing procedures is to ensure that Fund shares are accurately priced. The Board of Trustees will regularly evaluate whether the Fund's fair value pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through their application by the Trust's valuation committee.

When fair value pricing is employed, the prices of securities used by the Fund to calculate its NAV may differ from quoted or published prices for the same securities. Due to the subjective and variable nature of fair value pricing, it is possible that the fair value determined for a particular security may be materially different from the price of the security quoted or published by others, or the value when trading resumes or is realized upon sale. Therefore, if a shareholder purchases or redeems Fund shares when the Fund holds securities priced at a fair value, the number of shares purchased or redeemed may be higher or lower than it would be if the Fund were using market-value pricing. The Adviser anticipates that the Fund's portfolio holdings will be fair valued only if market quotations for those holdings are considered unreliable.

In the case of foreign securities, the occurrence of certain events after the close of foreign markets, but prior to the time the Fund's NAV is calculated (such as a significant surge or decline in the U.S. or other markets) often will result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair

value, taking into account such events in calculating the NAV. In such cases, use of these evaluated prices can reduce an investor's ability to seek to profit by estimating the Fund's NAV in advance of the time the NAV is calculated. In the event the Fund holds portfolio securities that trade in foreign markets or that are primarily listed on foreign exchanges that trade on weekends or other days when the Fund does not price its shares, the Fund's NAV may change on days when shareholders will not be able to purchase or redeem the Fund's shares.

How to Purchase Shares

All purchase requests received in good order by the Fund's transfer agent, U.S. Bancorp Fund Services, LLC (the "Transfer Agent"), or by an authorized financial intermediary (an "Authorized Intermediary," as defined below) before the close of the NYSE (generally 4:00 p.m., Eastern time) will be processed at that day's NAV per share. Purchase requests received by the Transfer Agent or an Authorized Intermediary after the close of the NYSE (generally 4:00 p.m., Eastern time) will receive the next business day's NAV per share. An Authorized Intermediary is a financial intermediary (or its authorized designee) that has made arrangements with the Fund to receive purchase and redemption orders on its behalf. For additional information about purchasing shares through financial intermediaries, please see "Purchasing Shares Through a Financial Intermediary," below.

All account applications (each an "Account Application") to purchase Fund shares are subject to acceptance by the Fund and are not binding until so accepted. It is the policy of the Fund not to accept applications under certain circumstances or in amounts considered disadvantageous to shareholders. Your order will not be accepted until the Fund or the Transfer Agent receives a completed Account Application in good order.

The Fund reserves the right to reject any purchase order if, in its discretion, it is in the Fund's best interest to do so. For example, a purchase order may be refused if it appears so large that it would disrupt the management of the Fund. Purchases may also be rejected from persons believed to be "market-timers," as described under "Tools to Combat Frequent Transactions," below. In addition, a service fee, which is currently \$25, as well as any loss sustained by the Fund, will be deducted from a shareholder's account for any purchases that cannot be properly processed. The Fund and the Transfer Agent will not be responsible for any losses, liability, cost or expense resulting from rejecting any purchase order.

Shares of the Fund have not been registered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside of the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

Minimum Investment Amounts

Minimum Initial Investment	\$2,500
Subsequent Investments	\$50

The Fund reserves the right to waive the minimum initial investment or minimum subsequent investment amounts at its discretion. Shareholders will be given at least 30 days' written notice of any increase in the minimum dollar amount of initial or subsequent investments.

Purchase Requests Must be Received in Good Order

Your share price will be the next NAV per share calculated after the Transfer Agent or your Authorized Intermediary receives your purchase request in good order. For purchases made through the Transfer Agent, "good order" means that your purchase request includes:

- the name of the Fund;
- the dollar amount of shares to be purchased;
- your account application or investment stub; and
- a check payable to “Morgan Dempsey Small/Micro Cap Value Fund.”

For information about your financial intermediary’s requirements for purchases in good order, please contact your financial intermediary.

Purchase by Mail. To purchase the Fund’s shares by mail, simply complete and sign the Account Application and mail it, along with a check made payable to “Morgan Dempsey Small/Micro Cap Value Fund” to:

Overnight or Express Mail

Morgan Dempsey Small/Micro Cap Value Fund
 c/o U.S. Bancorp Fund Services, LLC
 615 East Michigan Street, 3rd Floor
 Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the Transfer Agent’s post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is effective when the order is received at the Transfer Agent’s offices. All purchase checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler’s checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks or any conditional order or payment.

Purchase by Wire. If you are making your first investment in the Fund, before you wire funds the Transfer Agent must have a completed Account Application. You can mail or use an overnight service to deliver your Account Application to the Transfer Agent at the above address. Upon receipt of your completed Account Application, the Transfer Agent will establish an account for you. Once your account has been established, you may instruct your bank to send the wire. Prior to sending the wire, please call the Transfer Agent at 877-642-7227 to advise them of the wire and to ensure proper credit upon receipt. Your bank must include the name of the Fund, your name and your account number so that monies can be correctly applied. Your bank should transmit immediately available funds by wire to:

Wire to:	U.S. Bank, N.A.
ABA Number:	075000022
Credit:	U.S. Bancorp Fund Services, LLC
Account:	112-952-137
Further Credit:	Morgan Dempsey Small/Micro Cap Value Fund (Shareholder Name/Account Registration) (Shareholder Account Number)

Wired funds must be received prior to the close of the NYSE (generally 4:00 p.m., Eastern time) to be eligible for same day pricing. **The Fund and U.S. Bank, N.A., the Fund’s custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.**

Investing by Telephone. If you have accepted telephone options on the Account Application, and your account has been open for 15 calendar days, you may purchase additional shares by calling the Fund toll free at 877-642-7227. This option allows investors to move money from their bank account to their Fund account upon request. Only bank accounts held at domestic financial institutions that are Automated Clearing House (“ACH”) members may be used for telephone transactions. The minimum telephone purchase amount is \$50. If your order is received by the Transfer Agent or an authorized intermediary prior to the close of the NYSE (generally 4:00 p.m., Eastern time), shares will be purchased in your account at the applicable price determined on the day your order is placed.

Automatic Investment Plan. For your convenience, the Fund offers an Automatic Investment Plan (“AIP”). Under the AIP, after your initial investment, you may authorize the Fund to withdraw automatically from your personal checking or savings account an amount that you wish to invest, which must be at least \$50 on a monthly or quarterly basis. In order to participate in the AIP, your bank must be a member of the ACH network. If you wish to enroll in the AIP, complete the appropriate section in the Account Application. The Fund may terminate or modify this privilege at any time. You may terminate your participation in the AIP at any time by notifying the Transfer Agent five days prior to the effective date. A \$25 fee will be charged if your bank does not honor the AIP draft for any reason.

Purchasing Shares Through a Financial Intermediary. Investors may be charged a fee if they effect transactions through a financial intermediary. If you are purchasing shares through a financial intermediary, you must follow the procedures established by your financial intermediary. Your financial intermediary is responsible for sending your purchase order and wiring payment to the Transfer Agent. Your financial intermediary holds the shares in your name and receives all confirmations of purchases and sales. Financial intermediaries placing orders for themselves or on behalf of their customers should call the Fund toll free at 877-642-7227, or follow the instructions listed in the sections above entitled “Investing by Telephone,” “Purchase by Mail” and “Purchase by Wire.”

If you place an order for the Fund’s shares through a financial intermediary that is not an Authorized Intermediary in accordance with such financial intermediary’s procedures, and such financial intermediary then transmits your order to the Transfer Agent in accordance with the Transfer Agent’s instructions, your purchase will be processed at the next calculated NAV after the Transfer Agent receives your order. The financial intermediary must promise to send to the Transfer Agent immediately available funds in the amount of the purchase price in accordance with the Transfer Agent’s procedures. If payment is not received within the time specified, the Transfer Agent may rescind the transaction and the financial intermediary will be held liable for any resulting fees or losses. In the case of Authorized Intermediaries that have made satisfactory payment or redemption arrangements with the Fund, orders will be processed at the NAV next calculated after receipt by the Authorized Intermediary (or its authorized designee), consistent with applicable laws and regulations. An order is deemed to be received when a Fund or an Authorized Intermediary accepts the order. Authorized Intermediaries may be authorized to designate other intermediaries to receive purchase and redemption requests on behalf of the Fund.

Financial intermediaries, including Authorized Intermediaries, may set cut-off times for the receipt of orders that are earlier than the cut-off times established by the Fund. For more information about your financial intermediary’s rules and procedures, and whether your financial intermediary is an Authorized Intermediary, you should contact your financial intermediary directly.

Anti-Money Laundering Program. The Trust has established an Anti-Money Laundering Compliance Program as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act”) and related anti-money laundering laws and regulations. To ensure compliance with these laws, the Account Application asks for, among other things, the following information for all “customers” seeking to open an “account” (as those terms are defined in rules adopted pursuant to the USA PATRIOT Act):

- full name;
- date of birth (individuals only);
- Social Security or taxpayer identification number; and
- permanent street address (a P.O. Box alone is not acceptable).

Accounts opened by entities, such as corporations, limited liability companies, partnerships or trusts, will require additional documentation.

If any information listed above is missing, your Account Application will be returned and your account will not be opened. In compliance with the USA PATRIOT Act and other applicable anti-money laundering laws and regulations, the Transfer Agent will verify the information on your application. The Fund reserves the right to request additional clarifying information and may close your account if such clarifying information is not received by the Fund within a reasonable time of the request or if the Fund cannot form a reasonable belief as to the true identity of a customer. If you require additional assistance when completing your application, please contact the Transfer Agent at 877-642-7227.

How to Redeem Shares

Orders to sell or “redeem” shares may be placed directly with the Fund or through a financial intermediary. If you originally purchased your shares through a financial intermediary, including an Authorized Intermediary, your redemption order must be placed with the same financial intermediary in accordance with the procedures established by that financial intermediary. Your financial intermediary is responsible for sending your order to the Transfer Agent and for crediting your account with the proceeds. You may redeem Fund shares on any business day that the applicable Fund calculates its NAV. To redeem shares directly with the Fund, you must contact the Fund either by mail or by telephone to place a redemption order. Your redemption request must be received in good order (as discussed under “Payment of Redemption Proceeds” below) prior to the close of the regular trading session of the NYSE (generally 4:00 p.m., Eastern time) by the Transfer Agent or by your Authorized Intermediary. Redemption requests received by the Transfer Agent or an Authorized Intermediary after the close of the NYSE will be treated as though received on the next business day.

Shareholders who hold their shares through an IRA or other retirement plan must indicate on their written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. Shares held in IRA accounts may not be redeemed by telephone.

Payment of Redemption Proceeds. You may redeem your Fund shares at the NAV per share next determined after the Transfer Agent or your Authorized Intermediary receives your redemption request in good order (less any applicable redemption charges). Your redemption request cannot be processed on days the NYSE is closed. Redemption proceeds with respect to all requests received by the Transfer Agent or your Authorized Intermediary in good order before the close of the regular trading session of the NYSE (generally 4:00 p.m., Eastern time) will usually be sent on the next business day.

A redemption request made through the Transfer Agent will be deemed in “good order” if it includes:

- the shareholder’s name;
- the name of the Fund you are invested in;
- the account number;
- the share or dollar amount to be redeemed; and
- signatures by all shareholders on the account and signature guarantee(s), if applicable.

For information about your financial intermediary's requirements for redemption requests in good order, please contact your financial intermediary.

You may have the proceeds (less any applicable redemption fee) sent by check to the address of record, wired to your pre-established bank account or sent by electronic funds transfer through the ACH network using the bank instructions previously established for your account. Redemption proceeds will typically be sent on the business day following your redemption. Wires are subject to a \$15 service fee. There is no charge to have proceeds sent via ACH, however, funds are typically credited to your bank within two to three days after redemption. In all cases, proceeds will be processed within seven calendar days after the Fund receives your redemption request.

Before selling recently purchased shares, please note that if the Transfer Agent has not yet collected payment for the shares you are selling, it may delay sending the proceeds until the payment is collected, which may take up to 12 calendar days from the purchase date. Furthermore, there are certain times when you may be unable to sell Fund shares or receive proceeds. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists as a result of which disposal by the Fund of securities owned by it is not reasonably practicable or it is not reasonably practicable for the Fund to fairly determine the value of its net assets; or (3) for such other periods as the SEC may permit for the protection of shareholders. Your ability to redeem shares by telephone may be delayed or restricted after you change your address. You may change your address at any time by telephone or written request addressed to the Transfer Agent. Confirmation of an address change will be sent to both your old and new address. The Fund is not responsible for interest lost on redemption amounts due to lost or misdirected mail.

Signature Guarantees. The Transfer Agent may require a signature guarantee for certain redemption requests. A signature guarantee ensures that your signature is genuine and protects you from unauthorized account redemptions. Signature guarantees can be obtained from banks and securities dealers, *but not from a notary public*. A signature guarantee, from either a Medallion program member or a non-Medallion program member, of each owner is required in the following situations:

- if ownership is being changed on your account;
- when redemption proceeds are payable or sent to any person, address or bank account not on record;
- if a change of address request was received by the Transfer Agent within the last 15 calendar days; and
- for all redemptions in excess of \$100,000 from any shareholder account.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, a signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee or other acceptable signature verification in other instances based on the circumstances relative to the particular situation.

Redemption by Mail. You can execute most redemptions by furnishing an unconditional written request to the Fund to redeem your shares at the current NAV. Redemption requests in writing should be sent to the Transfer Agent at:

Regular Mail

Morgan Dempsey Small/Micro Cap Value Fund
c/o U.S. Bancorp Fund Services, LLC
P.O. Box 701
Milwaukee, WI 53201-0701

Overnight or Express Mail

Morgan Dempsey Small/Micro Cap Value Fund
c/o U.S. Bancorp Fund Services, LLC
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is effective when the order is received at the Transfer Agent's offices.

Telephone Redemption. If you accepted telephone options either on your Account Application or by subsequent arrangement in writing with the Fund, you may redeem shares, in amounts of \$100,000 or less, by instructing the Fund by telephone at 877-642-7227. Telephone redemptions will not be made if you have notified the Transfer Agent of a change of address within 15 calendar days before the redemption request. If you hold your shares through a retirement account, you may not redeem shares by telephone.

Wire Redemption. Wire transfers may be arranged to redeem shares. The Transfer Agent charges a fee, currently \$15, per wire redemption against your account on dollar specific trades, and from proceeds on complete redemptions and share-specific trades.

Systematic Withdrawal Program. The Fund offers a systematic withdrawal plan (the "SWP") whereby shareholders or their representatives may request a redemption in a specific dollar amount be sent to them each month, calendar quarter or calendar year. Investors may choose to have a check sent to the address of record, or proceeds may be sent to a pre-designated bank account via the ACH network. To start this program, your account must have Fund shares with a value of at least \$10,000, and the minimum amount that may be withdrawn each period is \$100. This program may be terminated or modified by the Fund at any time. Any request to change or terminate your SWP should be communicated in writing or by telephone to the Transfer Agent no later than five days before the next scheduled withdrawal. A withdrawal under the SWP involves a redemption of Fund shares, and may result in a capital gain or loss for federal income tax purposes. In addition, if the amount withdrawn exceeds the amounts credited to your account, the account ultimately may be depleted. To establish the SWP, complete the SWP section of the Account Application. Please call 877-642-7227 for additional information regarding the SWP.

The Fund's Right to Redeem an Account. The Fund reserves the right to redeem the shares of any shareholder whose account balance is less than \$2,500, other than as a result of a decline in the NAV of the Fund or for market reasons. The Fund will provide shareholders with written notice 30 days prior to redeeming the shareholder's account. A redemption by the Fund may result in a taxable capital gain or loss for federal income tax purposes.

Redemption Fees

Redemptions of short-term holdings may create missed opportunity costs for the Fund, as the Adviser may be unable to take or maintain positions in securities that employ certain strategies that require a longer period of time to achieve anticipated results.

For these reasons, the Fund will assess a 2.00% fee on the redemption of Fund shares held for 90 days or less. The Fund uses the first-in, first-out method to determine the 90-day holding period. Under this method, the date of the redemption will be compared to the earliest purchase date of shares held in the

account. If this holding period is 90 days or less, the redemption fee will be assessed. The redemption fee will be applied on redemptions of each investment made by a shareholder that does not remain in the Fund for at least a 90-day period from the date of purchase. This fee does not apply to Fund shares acquired through reinvested distributions (net investment income and capital gains), redemptions under the SWP and shares purchased pursuant to the AIP.

Although the Fund has the goal of applying this redemption fee to most redemptions of shares held for 90 days or less, the Fund may not always be able to track short-term trading effected through financial intermediaries in non-disclosed or omnibus accounts. While the Fund has entered into information sharing agreements with such financial intermediaries as described under the section entitled “Tools to Combat Frequent Transactions,” below, which contractually require such financial intermediaries to provide the Fund with information relating to their customers investing in the Fund through non-disclosed or omnibus accounts, the Fund cannot guarantee the accuracy of the information provided to it from financial intermediaries and may not always be able to track short-term trading effected through these financial intermediaries. In addition, because the Fund is required to rely on information from the financial intermediary as to the applicable redemption fee, the Fund cannot ensure that the financial intermediary is always imposing such fee on the underlying shareholder in accordance with the Fund’s policies. The Fund also reserves the right to waive the redemption fee, subject to its sole discretion, in instances deemed by the Adviser not to be disadvantageous to the Fund or its shareholders and that do not indicate market timing strategies.

The Fund reserves the right to modify or eliminate the redemption fees or waivers at any time and will give shareholders 30 days’ prior written notice of any material changes, unless otherwise provided by law. The redemption fee policy may be modified or amended in the future to reflect, among other factors, regulatory requirements mandated by the SEC.

Tools to Combat Frequent Transactions

The Fund is intended for long-term investors. Short-term “market-timers” who engage in frequent purchases and redemptions may disrupt the Fund’s investment program and create additional transaction costs that are borne by all of the Fund’s shareholders. The Board of Trustees has adopted policies and procedures that are designed to discourage excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm performance. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps may include, among other things, monitoring trading activity and using fair value pricing, as determined by the Board of Trustees, when the Adviser determines current market prices are not readily available. Although these efforts are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity will occur. The Fund seeks to exercise its judgment in implementing these tools to the best of its ability in a manner that it believes is consistent with shareholder interests. Except as noted herein, the Fund will apply all restrictions uniformly in all applicable cases.

Monitoring Trading Practices. The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder’s accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of its shareholders. The Fund uses a variety of techniques to monitor for and detect abusive trading practices. These techniques may change from time to time as determined by the Fund in its sole discretion. To minimize harm to the Fund and its shareholders, the Fund reserves the right to reject any purchase order (but not a redemption request), in whole or in part, for any reason and without prior notice. The Fund may decide to restrict purchase and sale activity in its shares based on various factors, including whether frequent purchase and sale activity will disrupt portfolio management strategies and adversely affect Fund performance.

Fair Value Pricing. The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAVs and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board of Trustees has developed procedures that utilize fair value pricing when reliable market quotations are not readily available or the Fund's pricing service does not provide a valuation (or provides a valuation that, in the judgment of the Adviser, does not represent the security's fair value), or when, in the judgment of the Adviser, events have rendered the market value unreliable. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board of Trustees. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share. More detailed information regarding fair value pricing can be found in this Prospectus under the heading entitled "Share Price."

Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In particular, since the Fund receives purchase and sale orders through Authorized Intermediaries that use group or omnibus accounts, the Fund cannot always detect frequent trading. However, the Fund will work with Authorized Intermediaries as necessary to discourage shareholders from engaging in abusive trading practices and to impose restrictions on excessive trades. In this regard, the Fund has entered into information sharing agreements with Authorized Intermediaries pursuant to which these intermediaries are required to provide to the Fund, at the Fund's request, certain information relating to their customers investing in the Fund through non-disclosed or omnibus accounts. The Fund will use this information to attempt to identify abusive trading practices. Authorized Intermediaries are contractually required to follow any instructions from the Fund to restrict or prohibit future purchases from shareholders that are found to have engaged in abusive trading in violation of the Fund's policies. However, the Fund cannot guarantee the accuracy of the information provided to it from Authorized Intermediaries and cannot ensure that it will always be able to detect abusive trading practices that occur through non-disclosed and omnibus accounts. As a result, the Fund's ability to monitor and discourage abusive trading practices in non-disclosed or omnibus accounts may be limited.

Other Fund Policies

Telephone Transactions. If you elect telephone privileges on the account application or in a letter to the Fund, you may be responsible for any fraudulent telephone orders as long as the Fund has taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified.

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact the Fund by telephone, you may also mail the requests to the Fund at the address listed previously in the "How to Purchase Shares" section.

Telephone trades must be received by or prior to the close of the NYSE (generally 4:00 p.m., Eastern time). During periods of high market activity, shareholders may encounter higher than usual call waiting times. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to the close of the NYSE. The Fund is not responsible for delays due to communications or transmission outages.

Neither the Fund nor any of its service providers will be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person. To confirm that all telephone instructions are genuine, the Fund will use reasonable procedures, such as requesting:

- that you correctly state your Fund account number;
- the name in which your account is registered; or
- the Social Security or taxpayer identification number under which the account is registered.

Redemption in Kind. The Fund generally pays redemption proceeds in cash. However, the Trust has filed a notice of election under Rule 18f-1 under the 1940 Act with the SEC, under which the Trust has reserved the right to redeem in kind under certain circumstances, meaning that redemption proceeds are paid in liquid securities with a market value equal to the redemption price. These securities received in kind remain subject to general market risks until sold. For federal income tax purposes, redemptions in kind are taxed in the same manner as redemptions paid in cash. In addition, sales of such securities received in-kind may generate taxable gains.

Policies of Other Financial Intermediaries. An Authorized Intermediary may establish policies that differ from those of the Fund. For example, the institution may charge transaction fees, set higher minimum investments or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Please contact an Authorized Intermediary for details.

Closure of the Fund. The Adviser retains the right to close the Fund (or partially close the Fund) to new purchases if it is determined to be in the best interest of shareholders. Based on market and Fund conditions, the Adviser may decide to close the Fund to new investors, all investors or certain classes of investors (such as Fund supermarkets) at any time. If the Fund is closed to new purchases it will continue to honor redemption requests, unless the right to redeem shares has been temporarily suspended as permitted by federal law.

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Fund reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 877-642-7227 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies 30 days after receiving your request. This policy does not apply to account statements.

Inactive Accounts. Your mutual fund account may be transferred to your state of residence if no activity occurs within your account during the “inactivity period” specified in your state’s abandoned property laws. If the Fund is unable to locate you, then it will determine whether your account can legally be considered abandoned. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state’s unclaimed property administrator in accordance with statutory requirements. Your last known address of record determines which state has jurisdiction.

Distribution of Fund Shares and Payments to Financial Intermediaries

The Distributor

Quasar Distributors, LLC (the “Distributor”) is located at 615 East Michigan Street, Milwaukee, Wisconsin 53202, and serves as distributor and principal underwriter to the Fund. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. Shares of the Fund are offered on a continuous basis.

Payments to Financial Intermediaries

The Fund may pay fees to intermediaries, such as banks, broker-dealers, financial advisors or other financial institutions, including affiliates of the Adviser, for recordkeeping, sub-administration, sub-accounting, sub-transfer agency and other shareholder services (collectively, “sub-TA services”) associated with shareholders whose shares are held of record in omnibus and networked accounts, retirement plans, other group accounts or accounts traded through registered securities clearing agents in lieu of the transfer agent providing such services.

The Adviser, out of its own resources and legitimate profits, and without additional cost to the Fund or its shareholders, may provide additional cash payments to certain intermediaries. These payments, sometimes referred to as revenue sharing payments, are in addition to sub-TA fees paid by the Fund, if any. Revenue sharing payments may be made to intermediaries for sub-TA services or distribution-related services, such as marketing support; access to third party platforms; access to sales meetings, sales representatives and management representatives of the intermediary; and inclusion of the Fund on a sales list, including a preferred or select sales list, and in other sales programs. The Adviser may also pay cash compensation in the form of finder’s fees that vary depending on the dollar amount of the shares sold. From time to time, and in accordance with applicable rules and regulations, the Adviser may also provide non-cash compensation to representatives of various intermediaries who sell Fund shares or provide services to Fund shareholders.

Distributions and Taxes

Distributions

The Fund will make distributions of net investment income and net capital gain, if any, at least annually, typically during the month of December. The Fund may make additional distributions if it deems them desirable at another time during any year.

All distributions will be reinvested in additional Fund shares unless you choose one of the following options: (1) receive distributions of net capital gain in cash, while reinvesting net investment income distributions in additional Fund shares; (2) receive all distributions in cash; or (3) reinvest net capital gain distributions in additional Fund shares, while receiving distributions of net investment income in cash.

If you wish to change your distribution option, write or call the Transfer Agent in advance of the payment date of the distribution. However, any such change will be effective only as to distributions for which the record date is five or more business days after the Transfer Agent has received the written request.

If you elect to receive distributions in cash and the U.S. Postal Service is unable to deliver your check, or if a check remains uncashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund’s then current NAV per share and to reinvest all subsequent distributions.

Federal Income Tax Consequences

Distributions of the Fund’s investment company taxable income (which includes, but is not limited to, interest, dividends and net short-term capital gain), if any, are generally taxable to the Fund’s shareholders as ordinary income (for non-corporate shareholders, currently taxable at a maximum federal income tax rate of 39.6%). For a non-corporate shareholder, to the extent that the Fund’s distributions of investment company taxable income are attributable to and reported as “qualified dividend” income, such income may be subject to tax at the reduced federal income tax rates applicable to net long-term capital

gain, if certain holding period requirements have been satisfied by the shareholder. For a corporate shareholder, a portion of the Fund's distributions of investment company taxable income may qualify for the intercorporate dividends-received deduction to the extent the Fund receives dividends directly or indirectly from U.S. corporations, reports the amount distributed as eligible for deduction and the corporate shareholder meets certain holding period requirements with respect to its shares. To the extent that the Fund's distributions of investment company taxable income are attributable to net short-term capital gain, such distributions will be treated as ordinary income and cannot be offset by a shareholder's capital losses from other investments.

Distributions of the Fund's net capital gain (net long-term capital gain less net short-term capital loss) are generally taxable as long-term capital gain (for non-corporate shareholders, currently taxable at a maximum federal income tax rate of 20%) regardless of the length of time that a shareholder has owned Fund shares. Distributions of net capital gain are not eligible for qualified dividend income treatment or the dividends-received deduction referred to in the previous paragraph.

You will be taxed in the same manner whether you receive your distributions (whether of investment company taxable income or net capital gain) in cash or reinvest them in additional Fund shares. Distributions are generally taxable when received. However, distributions declared in October, November or December to shareholders of record and paid the following January are taxable as if received on December 31.

In addition to the federal income tax, certain individuals, trusts and estates may be subject to a net investment income ("NII") tax of 3.8%. The NII tax is imposed on the lesser of: (i) a taxpayer's investment income, net of deductions properly allocable to such income, or (ii) the amount by which the taxpayer's modified adjusted gross income exceeds certain thresholds (\$250,000 for married individuals filing jointly, \$200,000 for unmarried individuals and \$125,000 for married individuals filing separately). The Fund's distributions are includable in a shareholder's investment income for purposes of this NII tax. In addition, any capital gain realized by a shareholder upon a sale or redemption of Fund shares is includable in such shareholder's investment income for purposes of this NII tax.

Shareholders that sell or redeem shares generally will have a capital gain or loss from the sale or redemption. The amount of the gain or loss and the applicable rate of federal income tax will depend generally upon the amount paid for the shares, the amount received from the sale or redemption (including in-kind redemptions) and how long the shares were held by a shareholder. Gain or loss realized upon a sale or redemption of Fund shares will generally be treated as long-term capital gain or loss if the shares have been held for more than one year and, if held for one year or less, as short-term capital gain or loss. Any loss arising from the sale or redemption of shares held for six months or less, however, is treated as a long-term capital loss to the extent of any distributions of net capital gain received or deemed to be received with respect to such shares. In determining the holding period of such shares for this purpose, any period during which your risk of loss is offset by means of options or similar transactions is not counted. If you purchase Fund shares (through reinvestment of distributions or otherwise) within 30 days before or after selling or redeeming other Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the new shares.

The Fund is required to report to certain shareholders and the IRS the cost basis of Fund shares acquired on or after January 1, 2012 when those shareholders subsequently sell or redeem those shares. The Fund will determine the cost basis of such shares using the average cost method unless you elect in writing any alternate IRS-approved cost basis method. Please see the SAI for more information regarding cost basis reporting.

The federal income tax status of all distributions made by the Fund for the preceding year will be annually reported to shareholders. Distributions made by the Fund may also be subject to state and local taxes. Additional tax information may be found in the SAI.

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax adviser.

Financial Highlights

The following financial highlights table shows the Fund's financial performance information for the fiscal years ended August 31, 2012, 2013, 2014, 2015 and 2016. The total return in the table represents the rate that you would have earned or lost on an investment in the Fund (assuming you reinvested all distributions). This information has been audited by Cohen & Company, Ltd., the independent registered public accounting firm of the Fund, whose report, along with the Fund's financial statements, is included in the Fund's 2016 Annual Report to Shareholders, which is available upon request.

Per Share Data for a Share Outstanding Throughout Each Year

	Year Ended August 31,				
	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>	<u>2012</u>
Net Asset Value, Beginning of Year	<u>\$11.56</u>	<u>\$13.79</u>	<u>\$12.30</u>	<u>\$10.20</u>	<u>\$9.62</u>

Net realized and unrealized gain (loss) on investments	<u>0.93</u>	<u>(1.52)</u>	<u>1.63</u>	<u>2.29</u>	<u>0.57</u>
Total from investment operations	<u>0.98</u>	<u>(1.47)</u>	<u>1.65</u>	<u>2.36</u>	<u>0.61</u>
Less distributions paid:					
From net investment income	(0.08)	(0.04)	(0.00) ⁽²⁾	(0.17)	—
From net realized gain on investments	=	<u>(0.72)</u>	<u>(0.16)</u>	<u>(0.09)</u>	<u>(0.03)</u>
Total distributions paid	<u>(0.08)</u>	<u>(0.76)</u>	<u>(0.16)</u>	<u>(0.26)</u>	<u>(0.03)</u>
Paid-in capital from redemption fees ⁽²⁾	<u>0.00</u>	<u>0.00</u>	<u>0.00</u>	<u>0.00</u>	<u>0.00</u>
Net Asset Value, End of Year	<u>\$12.46</u>	<u>\$11.56</u>	<u>\$13.79</u>	<u>\$12.30</u>	<u>\$10.20</u>
Total Return	8.55%	(11.04)%	13.43%	23.64%	6.40%
Supplemental Data and Ratios:					
Net assets at end of year (000's)	\$17,346	\$27,398	\$90,274	\$18,110	\$2,841
Ratio of expenses to average net assets:					
Before waiver and expense reimbursement	2.14% ⁽³⁾	1.58% ⁽³⁾	1.59%	3.42%	7.75%
After waiver and expense reimbursement	1.31% ⁽³⁾	1.31% ⁽³⁾	1.30%	1.30% ⁽⁴⁾	1.49% ⁽⁵⁾
Ratio of net investment income (loss) to average net assets:					
Before waiver and expense reimbursement	(0.38)%	0.12%	(0.13)%	(1.52)%	(5.82)%
After waiver and expense reimbursement	0.45%	0.39%	0.16%	0.60% ⁽⁴⁾	0.44% ⁽⁵⁾
Portfolio turnover rate	16.66%	7.83%	13.87%	37.76%	11.76%

(1) Per share net investment income (loss) has been calculated using the daily average shares outstanding method.

(2) Rounds to less than 0.5 cent per share.

(3) The ratio of expenses to average net assets includes interest expenses. The annualized before waiver, expense reimbursement and after waiver, expense reimbursement ratios excluding interest expenses were 1.57% and 1.30% and 2.13% and 1.30% for the years ended August 31, 2015 and August 31, 2016, respectively.

(4) Includes a voluntary waiver by U.S. Bancorp Fund Services, LLC and U.S. Bank, N.A. which amounted to 0.53% of the total waiver.

(5) Effective December 29, 2011, the expense cap was lowered to 1.30% from 2.00%.

PRIVACY NOTICE

The Fund collects non-public personal information about you from the following sources:

- information we receive about you on applications or other forms;
- information you give us orally; and/or
- information about your transactions with us or others.

We do not disclose any non-public personal information about our shareholders or former shareholders without the shareholder's authorization, except as permitted by law or in response to inquiries from governmental authorities. We may share information with affiliated parties and unaffiliated third parties with whom we have contracts for servicing the Fund. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibility. All shareholder records will be disposed of in accordance with applicable law. We maintain physical, electronic and procedural safeguards to protect your non-public personal information and require third parties to treat your non-public personal information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared with unaffiliated third parties.
